

## This image is a high-contrast, black and white scan of a vertical object. On the left side, there is a bright, white, irregular vertical strip that appears to be the edge of a book or a piece of paper. The rest of the image is a solid, deep black, with some faint, dark, and blurry shapes visible in the lower half, possibly representing the cover or other parts of the scanned object. The overall quality is poor, with significant noise and artifacts.
